2	GoSW Update		
	Dr PA – Not receiving an awful lot of exception reports. Just received the BMA report & there is not an awful lot going on apart from industrial strike action due to commence.	N/A	N/A
3	BMA Update		
	SF – BMA is officially in dispute regarding exception reporting, in relation to who manages the exception reports. There has historically been some reluctance from resident doctors to exception report due to them being received/reviewed by their clinical/educational supervisors who may have some say in future roles & resident doctors don't want to be seen as incapable. Part of the negotiations last year was to overhaul to ensure the process of exception reporting was easier & more discreet. This is a work in progress and is currently in dispute.	N/A	N/A
