  - 000 Blood Transfusion 02: Blood Components
  - 000 Blood Transfusion 03: Consent
  - 000 Blood Transfusion 04: Transfusion Reactions
- 096 Safe Use of Insulin
- 096 VTE Prevention

ADDITIONAL MODULES

The below courses need local assessment due to specific equipment being used at the Trust or Host. Each module has two codes, one for the prerequisite course on ESR and the other for the face-to-face course at the Trust or Host. Both elements are to be completed, however the delivery of the practical is down to the local Host Trust.

- 096 Moving and Handling Level 2
- 096 Resuscitation Level 2 Adults - Knowledge

Additional Training that may be required, your Host will advise which if any are required:

- Safeguarding Adults (Version 2) - Level 3
- Safeguarding Children (Version 2) - Level 3
- Resuscitation Level 2 - Newborn Basic Life Support
- Resuscitation Level 2 - Paediatric Basic Life Support
- Resuscitation Level 3 - Paediatric Immediate Life Support
- Resuscitation Level 3 - Adult Immediate Life Support
- Resuscitation Level 3 - Newborn Immediate Life Support

If you are on any of the following Training Programmes you will need to complete Safeguarding Children Level 3 prior to rotating to paediatric block:

- ST - Anaesthetics
- ST - Dermatology
- ST -Haematology
- ST - Immunology
- ST - Infectious Diseases
- ST - Intensive Care Medicine
- ST - Medical Oncology
- ST - Medical Ophthalmology
- ST - Neurosurgery
- ST - Ophthalmology
- ST - Urology

8. Pick the required certification which begins **096** as listed in step 7.

9. Click the cog to subscribe.

10. Next click the **Finish** button.

11. Click the **Enrol** button.

**12.** Click the ▶ button to start the course.

Please note, for <u>all courses</u> you will need to complete and pass an <u>assessment</u> after reading the course material.

This does not apply to 000 Data Security Awareness Level 1 (Information Governance)

Follow the instructions to work through the e-Learning. Once you have completed the course ensure you exit via the **<u>Home button</u>**. Failure to do this will result in your completion or progress not being saved.

13. Once you have successfully completed the e-Learning, your compliance requirements will be updated.

The subjects you have not completed can be viewed by clicking on **My Compliance & Competency**.

Compliance Status Key

Compliant with 3 or more months left

Compliant with less than 3 months left

Not compliant

Not compliant, bt has started the course.

13. Once you have successfully completed the e-Learning, your compliance requirements will be updated.

The subjects you have not completed will be listed under your **My Compliance & Competency**.

14. If you have to log out half way through your e-Learning, exit by clicking on the **Home Button** 🏛 and your progress will be book marked.

15. If you want to resume your e-Learning session there are <u>**two** options</u> to do this:

Option 1:
The eLearning will be displayed in the **My e-Learning** section of your portal page. Click the **Play** button to launch the learning.
Option 2:
Click on the **Certifications** section of your **Learner Homepage**. Click the **Play** button to launch the e-Learning.

FAQ's

1. I have not received my log on to ESR to access my Mandatory Training?

In order to obtain your log in details for ESR please contact the ESR.Leademployer@sthk.nhs.uk team who will be able to assist. You will need your Employee Number/ National Insurance number and Date of Birth to hand to obtain your username and further guidance on how to log on to the system.

2. I am unable to complete Safeguarding Level 3, Resus Level 2 or 3 and Moving and Handling Level 2 on ESR or E-Learning for Health, this is still showing non-compliant?

All the above modules have an element of face to face training required. The eLearning available is a prerequisite for the face to face component. Please contact your local host to organise to attend a face to face training session. Once this is complete you will be marked as compliant by the Host organisation.

3. Will I get a compliance certificate at the end of my E-Learning completion to add to my personal portfolio?
There are some E-Learning Modules which offer a certificate of completion at the end of the module. This can be screenshot or printed. Once the module has been closed this cannot be re-accessed again. You are however able to access a compliance report via ESR on your "My Learning Page" as proof of evidence of completion.

4. I have completed my training with an alternative NHS Trust. Will this training transfer across to my Lead Employer Account?

Yes - Core Skills Training Framework for Statutory and Mandatory Training information will pull across to your 096 Lead Employer record from a previous NHS Trust through an Inter Authority Transfer (IAT) which is completed when you are hired onto ESR by Lead Employer. Please note that this is dependent on your previous Trust actioning the IAT request.

Need help? For enquires regarding completion of modules on ESR or log in details.
Please contact ESR.Leademployer@sthk.nhs.uk

FAQ's

5. I have undertaken training on a different e-Learning platform to ESR and eLfH, will this information transfer over?

If you have training records on another Trust ESR through completion on an alternative e-Learning platform this will firstly transfer through to Lead Employer via a Multiple Competency Update.

If you have completed CSTF training on a local Host Trust e-Learning platform with no links to ESR, your Host Trust will be able to manually add this training to 09 ESR using Supervisor Self Service.

6. I have completed an Advanced Life Support (ALS) or Intermediate Life Support* (ILS) Course recently, do I still have to do Resuscitation Adults BLS Level 2?

If you have completed ALS or ILS Level 3 within the past year, BLS can be credited. However if you have completed ALS more than a year ago, BLS will not be credited as you are required to complete BLS on an annual basis.

*ILS is only valid for 1 year
