2.	GoSW Update		
	<p>Dr PA – informed that he is still receiving a steady trickle of exception reports and more reports from Public Health in the Midlands over the last 3 months and as reported in a previous RDF they have been very helpful with information of working out how many hours they were supposed to do, how many they did, given us the difference and confirmed that they stuck to the guidelines in terms of what was completed in Out of Hours, and these have been paid with no problems. Dr PA wished to express his thanks.</p> <p>RB – stated that she had been working with them and wished to thank everybody for this. She stated that she has a meeting with them tomorrow and depending on how the meeting goes we may link in Dr PA</p> <p>Dr PA – stated that the process is working well at the moment but this may be affected by the exception reporting changes that are being introduced.</p>	N/A	N/A
3.	BMA Update		
	<p>RB – stated that there is currently no updates on the exception reporting changes, the exception reporting framework has been agreed.</p> <p>The BMA are currently out to ballot which ends on 7th July 2025. To ensure that everyone submits their vote on time they are asking for this to be completed by 30th June 2025.</p>	N/A	N/A
