Professor Andrew Rowland OBE

For more information and guidance on this process, **please visit our [website](#)**.

As you begin your pre-employment journey please note that all correspondence with our team will be done so via **TRAC systems**, which allows you to upload all of your required documents and have direct contact with the relevant team processing your individual checks.

1. Full medical clearance
2. Satisfactory Disclosure (DBS) check
3. Verification of ID
4. Verification of Right to Live and Work in the UK
5. Qualifications / Evidence of GMC/GDC registration and GMC Licence to Practice
6. Employment History and References
7. GMC Welcome Event Evidence of attendance

Additional required documents will also include the following:

Pre-employment Identification (ID) checks

Verifile

Lead Employer uses an Identity Service Provider (IDSP). Along with your offer letter, you will receive a link to complete your verified ID check via an IDSP; this will be carried out through Verifile.

You will be required to take photographs of your documents using the link provided and follow the instructions to complete the ID check. This is then sent directly to the On-Boarding Team for processing.

This service is used for either a full DBS check (including ID verification) or a digital identity check only. For the digital identity check only, this service costs **£3.50**.

If you are unable to use IDSP due to document type, please see below:

You may receive notification that your IDSP check has not been successful. In this case, your ID documents and proof of UK address (dated within the last three months) will need to be verified (stamped and dated). This can be completed at a number of local **Post Office branches**.

We are unable to accept ID documents unless they have been verified.

Please note there is a charge for this certification service, which is currently **£12.75** for up to three documents.

Virtual ID meeting

All colleagues-in-training will be required to attend a virtual ID meeting. This meeting will last a few minutes. You will need your photographic ID and proof of address to hand, as your administrator will take a screenshot of you with your ID documents.

Where applicable, you will also be required to forward evidence of your visa application to Lead Employer via Trac.

Pre-employment Disclosure Barring Service (DBS) checks

All posts will require a satisfactory police check, which is undertaken in accordance with the Police Act 1997, part V, by the Disclosure and Barring Service (DBS) who provide a service called 'Disclosure'. The type of Disclosure required for this post is an Enhanced Disclosure.

Applicants who are subscribed to the DBS 'Update Service' at enhanced level must provide a copy of their DBS certificate and consent for a status check to be undertaken (on completion of the New Starter forms via Trac consent is given for this check).

Applicants who do not currently subscribe to the Update Service at the enhanced level are required to undertake a new enhanced DBS (payment for this will be taken from your salary - the current cost is £56.98).

You are obliged as a condition of your employment to inform the Lead Employer of any status changes to your DBS clearance including:

New convictions, cautions, reprimands or warnings are identified, or any amendment or change to a current conviction, caution, warning or reprimand are identified any new, relevant police information is identified.

DBS check application is submitted electronically. Please go to the link provided in your offer letter and complete the details. You can check the status of your DBS application here <https://www.gov.uk/guidance/track-a-dbs-application>.

By clicking on the link to complete a DBS Check, you are giving Lead Employer permission to apply for this check on your behalf and the cost will be taken from your first salary payment and you acknowledge that if you choose to withdraw from the placement during your checks, and we have already completed and processed your DBS, you will be held financially responsible for the full cost of the DBS.

You are required to send a copy of your DBS certificate on receipt.

All applicants are also required to complete and return the DBS Declaration and Consent form found within the New Starter Paperwork on Trac to be completed electronically within two weeks of receipt of your Conditional Offer letter.

Pre-employment Disclosure Barring Service (DBS) checks

Verifile & DBS

Lead Employer has recently launched a new Disclosure and Barring System in partnership with Verifile. This system may be used as part of your pre-employment checks.

You may have received an email from hello@verifile.co.uk with log in details.

This is not email spam and you are required to carry out the steps detailed in the email.

Your log in details are valid for 28 days from the date in this email. If you are unable to complete the application form within this time frame, please make your on-boarding administrator aware.

Pre-employment Right to Live and Work checks

Your offer of appointment is subject to your right to live and work in the UK. We require a verified copy of your passport, if applicable your Right to Work share code with which we can perform an online check or copy of your Home Office Letter detailing EU Settlement Status.

<https://www.gov.uk/prove-right-to-work/get-a-share-code-online>

If you do not hold a UK passport, we can accept your birth certificate supported by evidence of your permanent National Insurance number in a formal document such as a payslip or P60 from a former employer or a letter from the Home Office. If you are currently applying for a visa and your documents are in the possession of the Home Office, you will be required to provide evidence of this in the form of either a letter from the Home Office or the receipt confirming your payment to the Home Office.

You must have started in post within 28 days of receipt of your Skilled Worker Visa. Failure to start within the required time will result in your visa being retracted as per Home Office Guidance. The NHS England Overseas Sponsorship team, have developed a step by step guide to making an application which includes the ongoing requirements of Sponsorship. This can be found in the Frequently Asked Questions section, which can be found [here](#).

Please note that from the 1st January 2021 a new immigration system was introduced by the Home Office known as the 'Skilled Worker Route' replacing the 'Tier 2' sponsorship process.

Due to the recent changes regarding removal of the temporary Right to Work provisions which were implemented in response to COVID-19.

Lead Employer are required to complete a face to face meeting to complete your right to work check.

You will be required to attend an MS **Teams meeting** so we can check your Right to Live and Work once we have received your documentation (Passport, Birth Certificate & Visa if applicable), This check will be conducted via Teams and will be arranged by your administrator.

Pre-employment Right to Live and Work checks

Certificate of Sponsorship (COS)

If your current visa is not sponsored by NHS England (previously HEE), then you will need to apply for a new Skilled Worker visa sponsored by NHS England. You must obtain your NHS England sponsored BRP before you commence your training.

Please forward a copy of your Certificate of Sponsorship upon receipt, to Lead Employer via Trac.

GP 4 months extension scheme – Following recent instances, I wanted to take this opportunity to remind employers that GPs cannot work as a doctor in training on the 4-months post CCT extension as this is designed to provide time to find further employment after training is completed. More information on all aspects of the GP 4-month extension scheme can be found on our website here: <https://medical.hee.nhs.uk/medical-training-recruitment/medical-specialty-training/overseas-applicants/general-practitioner-gp-4-month-extension-scheme>

Pre-employment Changes to Biometric Residence Permit (BRPs)

The way in which Biometric Residence Permit (BRP) holders evidence their right to work changed on the 6th April 2022, BRP holders now evidence their right to work using the Home Office online service only, presentation of a physical document will no longer be acceptable.

The concession to allow applicants to commence training pending a visa decision ended on 4th October 2022.

The removal of the concession impacts anyone who has been or will be issued a CoS after **4th October 2022**. This means that as the trainee's new employer, we will be unable to allow them to commence in post until we have confirmation of the issuing of their new VISA which will likely be via a share code under the new provision.

Up until 4th October 2022 the concessions enabled Lead Employer to allow a trainee to commence in post providing they had evidenced a copy of their certificate of sponsorship and evidence of their completed VISA application being submitted. As this provision has now been removed, it is likely that this will have an effect on not only new starters but any trainees who need to reapply for their VISAs following a period of out of programme.

Please see below link for the full government guidance regarding the above:
Coronavirus (COVID-19): advice for UK visa applicants and temporary UK residents - GOV.UK (www.gov.uk)

We will require a copy of your Home Office Letter detailing EU Settlement Status and share code: **<https://www.gov.uk/prove-right-to-work/get-a-share-code-online>**
